

PROCESS IMPROVEMENT DIRECTIVE No. 5

TO: Principals at Partner Architecture Firms and General Contractors

FROM: Clint Russell

COPY: Capital Deployment AVPs, Directors and Managers

DATE: December 1, 2019

**SUBJECT: Innovation Memo #5
Updated 12/1/2019**

HCA Healthcare Capital Deployment would like to announce changes to existing Innovation Memos #5 - Lighting

As you are all aware, HCA maintains its effort to manage the costs of developing our buildings. With this in mind, we are announcing the addition of Cooper Lighting, thus creating a dual-source purchase agreement for lighting products along with Acuity Lighting.

Designers **must** include in their project specifications the approved HCA Master Specifications for interior & exterior lighting and utilize the approved fixture list in **all** areas possible. General contractors **must** ensure lighting subcontractors obtain pricing **and** purchase from contracted Partner distributors for approved products listed in the specifications & HCA Preferred Vendor Listing.

Acuity Lighting Products
Graybar

Cooper Lighting Products
CED

The HCA Standard Lighting Fixture Schedule has been updated and approved by Capital Deployment and HCA Engineering and includes the preferred and VE approved options.

Thank you for assisting us in all that we do to provide the best physical environment for our patients, staff and guests.
